

Bike Count Safety & Common Sense

Thank you for registering to be a Super Counter!

Your safety is important. When volunteering, we ask you to take care and remain safe. Remember to be aware of traffic, your surrounds, and use common sense.

Here are a few suggests for a safe and happy bike count:

Don't Forget:

- Sunscreen, a hat, and sunglasses
- A water bottle
- A chair if you would like to sit down during the count time

Do Not:

- Stand or sit on the road
- Block or impede traffic in any way
- Put yourself in any situations you perceive as risky
- Put yourself or remain in environments/locations that make you feel unsafe

Always:

- Stand or sit where you can view the entire location, at a safe distance from the traffic
- Smile, have fun and enjoy the experience!

Our volunteer counters from previous years have told us they really enjoy participating and we hope that you will too.

All the best and Happy Counting!
