

GREAT VIC PACKING LIST

Knowing what to pack can be the hardest part of any trip. We've compiled some top tips and handy information to help make packing a breeze for this year's Great Vic.

BEFORE YOU START

20kg total weight limit.

We ask riders to **please bring 2 x 10kg bags** instead of one 20kg bag for Great Vic. We recommend one bag for camping gear and one for personal items. While the Great Vic community is always happy to help, pack light so you are comfortable carrying your own gear and your tent is quick to setup each day.

This is in accordance with our OH&S policy and helps to minimise any risks when loading onto luggage trucks. Bags over 10kg will be tagged and won't be handled by our team or fellow riders for safety reasons.

TOP TIPS

Label all belongings

Use plastic bags to help keep belongings dry or use a waterproof bag

*Travelling with people?
Share equipment to
minimise space!*

*Bring valuable items with you on
the road not in your main luggage
(risk of damage)*

CLOTHING

- Waterproof jacket/pants
- Shorts
- Tracksuit pants
- Warm jumper/fleece
- Short and long sleeve/shirts
- Underwear
- Socks
- Hat/cap
- Sandals/thongs (great for the shower)
- Shoes for campsite
- Bathers
- Hat, sunglasses and sunscreen

CAMPING GEAR

- Tent, bed roll or mattress and sleeping bag
- Quick-dry towel
- Toiletries
- Plate, bowl, mug, cutlery and tea towel (in a bag)
- Torch or head lamp
- Laundry supplies

OTHER STUFF

- Camera
- Music
- Cash (for spending money, some country towns don't have EFTPOS)

RIDING GEAR

- Your bike - You won't get very far without this! If you're using our transport service, see information about how to pack your bike for our trucks in the drop down below.
- A helmet - It is mandatory to wear a helmet at all times when riding on the Great Vic. It is also the law when riding on all roads and paths in Victoria.
- Bike lights - A white one for the front and a red one for the back to use in dark conditions. Also remember a charger or spare batteries.
- Water bottles - While we have rest stops along the way, we encourage all riders to bring two water bottles, and have cages on their bike to carry them while they ride.
- Spare tyre tubes - Repair kit and bike tool. While we will have mechanical assistance on the ride it is a good idea to always have some spares on you.
- Riding shoes (runners or cleats)
- Cycling gloves
- Sunglasses
- Waterproof jacket for riding
- Cycling shorts and jerseys
