Acknowledgement of Country

Bicycle Network acknowledges the Aboriginal and Torres Strait Islander peoples of Australia. We acknowledge the traditional custodians of the lands on which we travel through and pay our respects to ancestors and elders, past and present. Bicycle Network is committed to honouring Australian Aboriginal and Torres Strait Islander peoples' unique cultural and spiritual relationships to the land, waters and seas, and their rich contribution to society.

50 YEARS ON TWO WHEELS

This year we celebrate a very special milestone – 50 years of Bicycle Network, alongside the tradition of United Energy Around the Bay, one of Australia's most iconic bike riding events.

Since 1975, Bicycle Network has worked tirelessly to make it easier and safer for people to ride. Over that time, millions of Australians have discovered the joy, freedom, and health benefits of getting on a bike. Around the Bay has been central to that story. For more than three decades, it has inspired riders of every age and ability to set a challenge, roll out with thousands of others, and experience a day on the bike like no other.

Whether this is your very first ride with us, a return to a favourite distance, or your 20th time circling the Bay, you are part of something truly special. ATB has always been more than just a ride, it is a shared moment of achievement, community, and pride. It's the climb over the West Gate Bridge, the cheers at rest stops, the ferry crossing, the roll back into Albert Park and above all, the sense of doing it together.

We are proud to offer experiences for everyone this year, from families lapping the Albert Park Grand Prix Circuit to those taking on the epic 220km challenge. And every pedal stroke helps Bicycle Network continue its mission: to create healthier, happier, more connected communities through cycling.

Thank you to everyone who has been part of this journey—our dedicated volunteers, United Energy for their unwavering support, and our very worthy charity partner Maddie Riewoldt's Vision. Lastly, a special thanks to all of our riders, because without you, this remarkable event and our 50 years of progress simply wouldn't be possible.

Here's to another unforgettable Around the Bay.

Alison McCormack
Bicycle Network CEO

Essential as cyclists are to United Energy Around the Bay

At United Energy, we're all about powering what matters most – our community.

Just like the cyclists who bring energy to United Energy Around the Bay, we work tirelessly behind the scenes to distribute power to over 700,000 customers across Melbourne's south-eastern suburbs and the Mornington Peninsula.

Our lineys, like cyclists, get up at the crack of dawn to guarantee that every power pole is maintained to light your way on those early morning and late afternoon rides.

We're proud to sponsor United Energy Around the Bay, because powering your ride is as essential to us as cyclists are to this iconic event.

Now, see you at the finish line.

GETTING THERE

The main event site for United Energy Around the Bay is Albert Park. With thousands of riders, family, friends, and supporters expected, it will be a hive of activity.

When entering Albert Park, we ask you to be mindful of other riders, keep left when using the internal roads and where possible use the bike paths to avoid the rider route, as this may confuse our traffic and marshalling teams.

Please take a moment to plan your travel arrangements. There is no car parking available in Albert Park. We recommend using Melbourne's 24-hour public transport system to nearby railway stations, or parking in nearby areas and warming up your legs with a short ride to Albert Park.

24-hour car parking facilities nearby

Ace Parking	150 Albert Rd, South Melbourne
Wilson Parking	517 St Kilda Road, Melbourne
Wilson Parking	436 St Kilda Road, Melbourne

The background is a vibrant, abstract pattern of wavy, concentric lines in shades of purple, blue, and green. The lines are dense and create a sense of depth and movement, resembling a topographical map or a complex, organic structure. The colors transition from deep purple at the edges to lighter blue and green in the center, creating a gradient effect.

WOMEN'S COMMUNITY

Bicycle Network's Womens Community is here to help encourage, empower and inspire more women and gender diverse people to unlock the many benefits of bike riding in a welcoming and supportive environment. You can ride United Energy Around the Bay with the support and encouragement of our Women's Community Ride ambassadors. They'll be committed to riding at a steady and comfortable pace throughout the event and will be identified by a women's community bib on the back of their event jersey. Meet up before your ride and roll out together. Make your way to the Bicycle Network marquee and meet the ride leaders at the Women's Community flag 30 minutes prior before your ride start time:

Route Distance	Meeting Time	Women's Community Ride Ambassadors
50km	7:15am	Carol Cooke Alison Raaymakers

Ride Smart

Please remember the following while you ride:

Road rules apply at all times. This includes all traffic signals, stop signs, give way signs and pedestrian crossings, including on roads closed to other traffic.

You must obey all instructions from on-route marshals, traffic controllers and the Bicycle Network event team.

Signage will be placed on the route. Please follow these to make sure you remain on the official route.

Please communicate appropriately with other riders and call out 'passing' or 'stopping' to give warning.

Do not take any risks that could put yourself or other riders in a life-threatening situation.

Be aware that you are riding on the road with other riders and traffic.

Ride in the **Green Zone.**

Overtake in the **Orange Zone.**

Princess Freeway Lane closure

We have partnered with the Department of Transport and Planning to ensure you have the best ride towards the ferry. We have a partial road closure to create a buffer lane between you and motor vehicles.

It is important to **NOT** ride in the buffer lane as there is signage and other infrastructure there to keep you safe. This is particularly relevant near on ramps and off ramps – particular care needs to be taken in those areas

SAFE RIDING ON THE FREEWAY

It is also important that you always give way to motorists that are exiting or entering the freeway

All Bicycle Network event spaces are smoke-free and vape-free.

ROUTE SUPPORT

First Aid

First Aid will be available as a mobile response. Please use the event assistance phone number on your rider plate and they will arrange assistance.

There will be first aid at the event village at all times.

Mechanical Support

Mechanical support will be available at the following rest areas:

- Event Village
- Swan Picnic Rest Area

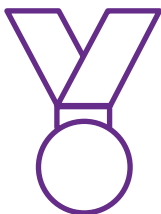

Basic tools for self-servicing will be available at other rest areas.

Route and Motorcycle Marshals

Volunteer route marshals and motorcycle marshals provide directions and assistance along the ride. If required, they can also communicate with event assistance. Motorcycle marshals are also qualified to administer first aid.
